

Kangaroo Island Food and Wine Experience Awards 2009

This is the first year for the Kangaroo Island Food and Wine Experience Awards; there will be six awards within two categories. The first category represents the hospitality industry that will be assessed by an independent judging panel who will discreetly visit venues, allocating marks on a scorecard system. The independent judges will be looking for; Best Kangaroo Island Menu, Best Kangaroo Island Wine List, Best Customer Service, Ultimate Dining Experience.

The second category represents the food and wine producers who have a cellar door or tasting outlet. This section of the awards will be judged through consumer feedback via a DL flyer. The consumers will be asked to comment on their experience and there will be an Ultimate Kangaroo Island Producers Food or Wine Experience award and a Kangaroo Island Producer Ambassador award given to the successful producers.

The judging period commenced in March and will conclude on 30th June 2009, with all dining and producer outlets being automatically entered into the awards with an option to withdraw. The successful venues will be recognised at a showcase dinner on 8th August this year. Further details about the dinner will be posted here shortly.

It will be a great event for many sectors of the Kangaroo Island community, providing greater exposure and recognition for not only the local produce but the overall food and wine experience.

If you're visiting the Island don't forget to ask for a nomination form when you call into a cellar door or producer outlet and give them your vote!
